

Spring 2018: Spring Flora Illustration
Saturday, May 12 10:00 am - 3:00 pm
Maia Hausler

Supply List:

- Sketchbook, pencils, and eraser
- Preferred color medium: Watercolor, gouache, colored pencils, pastels, markers (anything quicker drying, aka not oils)
- Brushes, appropriate paper for your medium etc.
- A REAL flower or plant of your choice, potted or cut, just be sure not to harvest a protected species! We will be using these as our subjects for drawing/painting
- Recommended: bring several reference photos of your plant and guide books/pages from guidebooks featuring your plant. These will help you to really learn the plant before you draw it!
- I will bring a few flowers/plants and guidebooks for you to use if you forget or need to use them, but if you bring your own you are guaranteed to not need to share!
- Packed lunch!
